Education

Savitribai Phule Pune University — Pune, Maharashtra, India

Bachelor of Engineering in Information Technology, CGPA: 8.5/10 — *Aug. 2023 – May 2027*

- Relevant Coursework: Data Structures, Algorithms, Object-Oriented Programming, Database Management Systems

Virtual Experience

Technology Consulting Virtual Experience – Deloitte Australia (Forage)

- Completed a consulting simulation focused on enterprise technology strategy
- Analyzed real-world business and technology challenges using consulting frameworks
- Proposed technology solutions for digital transformation initiatives
- Strengthened analytical thinking and structured problem-solving skills

Projects

DevMatch v2 – Developer Networking API | *Python, FastAPI, MongoDB, JWT* — GitHub

- Engineered a RESTful backend using FastAPI for developer profile management and authentication
- Implemented JWT authentication, bcrypt password hashing, and protected API endpoints
- Designed a modular architecture with routers, services, schemas, and database abstraction for maintainability
- Integrated MongoDB using PyMongo to efficiently store user accounts and developer profiles
- Developed search functionality to filter developers by technical skills through optimized API endpoints

Developer Portfolio Website | *React, Vite, Express.js, MongoDB, JWT, Tailwind CSS* — GitHub | Live Demo

- Developed a responsive full-stack portfolio with React and Express.js, featuring a modern UI and RESTful backend architecture
- Implemented JWT-based admin authentication and protected routes for secure project management
- Designed MongoDB data models and CRUD APIs to dynamically manage portfolio content without code modifications
- Integrated responsive animations, reusable React components, and Tailwind CSS to improve user experience and maintainability
- Deployed the complete application on Render with a production-ready client-server architecture

Technical Skills

Languages: Python, Java, JavaScript, HTML/CSS, SQL
Frameworks: FastAPI, Django, React, Express.js, Tailwind CSS
Databases:MongoDB, Mongoose
Tools: Git, GitHub, Postman, VS Code, Render
Concepts: REST APIs, Authentication & Authorization, Object-Oriented Programming, Data Structures & Algorithms, Agile SDLC, Debugging, Unit Testing, Database Fundamentals, AI/ML Fundamentals

Certifications

Python Full Stack Virtual Internship, EduSkills
